

## **Create Now Success Story: Liz Chavez**

---

Liz was constantly fighting at school. She was sentenced to spend time at Mid-Valley Youth Center. She signed up for a role in our Theater Workshop. Liz is now hooked on acting. She takes advantage of different opportunities that we provide, including the chance to meet the Honorable Mayor Antonio Villaraigosa.

We have helped Liz to get headshots and gave her books to assist with her career. She's taking classes in modeling and acting while raising her son. Now the only fighting that she might participate in will be on the screen.
